

T/I Examiner Course

*Strong Enterprises will be conducting a T/I Examiner Course in March 15-17 right after the 2010 Skydive Expo. If you are interested please let us know by contacting us at tandem@strongparachutes.com or by calling us at 407-859-9317 prior to **March 7th**, since there are preliminary requirements that need to be met.*

We consider many things when determining a candidate for becoming a Tandem Examiner. One of the first things we look at is location, Strong will not consider a T/E Candidate if there are other Examiners that cover the area. Secondly we review the applicant's qualifications.
